**CORRECTIVE ACTION REPORT
BOROUGH OF GLEN RIDGE
2024 Audit Report**

Finding #1 Animal Control Fund:

<u>Description:</u>	Animal control receipts and animal control licenses recorded in the monthly reports submitted to the State of New Jersey revealed an immaterial difference from the posting made in the software system. It was noted during testing that license numbers reported by the animal control department did not align with the sequential license numbers submitted to the State of New Jersey.
<u>Analysis</u>	Animal Control Fund reports were not submitted to the State of NJ on a monthly basis. The reports were submitted by year end. Additionally, the internal records should be reconciled with the data submitted to the State of New Jersey.
<u>Corrective Action</u>	The Municipal Clerk will review the submission of the Animal Control Fund monthly reports and take corrective action on any reconciliation differences prior to the submission each month. Reports will be submitted monthly to ensure accurate reporting.
<u>Implementation Date</u>	Ongoing

Finding #2 Purchase Order System:

<u>Description</u>	Accounting practices prescribed by the Division of Local Government Services require the Borough expenses to follow an encumbrance accounting system. Purchases made prior to encumbrance of the funds can result in over expenditure of a budget line.
<u>Analysis</u>	Transaction testing found purchases for which the invoice date was prior to the date of the purchase order. Occasionally, instances arise for which items must be purchased through verbal approval prior to entering into the formal requisition system.
<u>Corrective Action</u>	The Borough has widened its use of blanket purchase orders for reoccurring purchases and vendors. All purchases are reviewed prior to final expenditure of funds and the budget is monitored thoroughly to avoid over expenditures.
<u>Implementation Date</u>	Ongoing
