**WANAUQUE NORTH PROJECT
2018 FINAL BUDGET**

December 20, 2017

**NORTH JERSEY DISTRICT WATER SUPPLY COMMISSION
WANAUQUE NORTH PROJECT
2018 BUDGET HIGHLIGHTS**

The North Jersey District Water Supply Commission is pleased to announce the proposed 2018 Budget with no change in net assessments over the 2017 Budget.

The Commission has prepared the 2018 Budget with careful consideration of the current economic challenges that our participating municipalities continue to face. The Commission has systematically reviewed all departments in an effort to minimize increases, or where possible, reduce budgetary expenses.

Appropriations for the 2018 Budget total approximately \$39.4M, an increase of \$767K (2.0%) from the 2017 Budget. This increase is the net result of an additional \$1.8M (71.9%) of capital investment, offset by a \$285K (-0.9%) reduction in operating costs and a \$787K (-18.3%) reduction in debt service. Significant capital investment will be required both this year and in future years to comply with the Water Quality Accountability Act (S2834) which was recently passed by the Legislature, as well as to continue the ongoing rehabilitation and replacement of critical Commission infrastructure. The capital items listed on Page 5 are for projects not included for funding in either the 2015 Commission bond issue or the 2016/2017 New Jersey Infrastructure Trust financing program. \$957K of capital reserve will be used to fund approximately half of the increase in this year's Capital Budget over the previous year.

Decreased operating items include salaries & wages, insurances and utilities costs.

It is the opinion of Commission staff that the 2018 spending plan is sufficient to meet operating, capital and debt service costs as reflected in the Budget. It is anticipated that the net municipal assessments, together with the application of miscellaneous sources of revenue, will be sufficient to fund the 2018 spending plan. The 2018 water rate for the Wanauque North municipalities will remain at \$745.65 per million gallons.

The Wanauque North municipalities include the City of Newark, Passaic Valley Water Commission (representing Paterson, Passaic and Clifton), Kearny, Montclair, Bloomfield and Glen Ridge.

RE: Compliance Evaluation and Assistance Inspection
Glen Ridge Boro Sanitary Collection System
PROGRAM INTEREST ID # 127566
PROGRAM: Water Quality / Compliance Activity # SCI 180001
Glen Ridge Boro, Essex County

Dear Mr. Rohal:

A Compliance Evaluation and Assistance Inspection of your facility was conducted on November 29, 2017. Please address any comments or concerns noted in the attached report.

Note that you may also review your inspection report as well as many other DEP reports online at www.nj.gov/dep/inspections. This website also gives you the opportunity to provide us feedback about our operations. We would appreciate your input and will share all results with you upon your completion of a survey.

This Department appreciates the continued operation of your facilities in an environmentally responsible manner.

If you have any questions concerning the attached report, contact me at (973) 656-4099.

Very truly yours,

Theophilus Ashie
Environmental Specialist 3

Re: Stormwater Discharge General Permit Authorization Renewal
Category: R9 -Tier A Municipal Stormwater General Permit
NJPDES: NJG0151254 / PI ID #: 197978
GLEN RIDGE BORO
Glen Ridge Boro, Essex County

Dear Stormwater Program Coordinator:

Enclosed is New Jersey Pollutant Discharge Elimination System (NJPDES) Authorization to Discharge No. NJG0151254 (Category R9 -Tier A Municipal Stormwater General Permit) issued under the authority of Stormwater NJPDES Master General Permit No. NJ0141852 (Tier A Permit).

The permit and associated documents are posted at http://www.nj.gov/dep/dwq/tier_a.htm, where you can find a copy of the Tier A Permit, and a Response to Comments document, which includes a summary of the significant and relevant comments received during the Tier A Permit public comment period, the Department's responses, and an explanation of any changes from the draft action. In addition, you can also find a crosswalk which provides a detailed comparison of changes from 2009 to this 2017 permit, and a Frequently Asked Questions document. These documents will be useful in understanding your renewed Authorization.

If you have any questions or comments regarding the above referenced action, please contact Monique Girona by telephone at 609-633-7021.

Sincerely,

James J. Murphy, Chief
Bureau of Nonpoint Pollution Control
