Re: 2013 Roadway Resurfacing Program

Attached, please find the roads scheduled to be resurfaced by Essex County under the 2013 Roadway Resurfacing Program. Work under this contract is anticipated to start by mid May 2013.

By copy of this letter we are advising all utility companies to complete any improvements or upgrades planned for their systems impacted by this roadway program on or before the project starts.

As you are aware, the County of Essex has a five-year moratorium on County roads resurfaced and/or reconstructed from date of completion of the work. Utility companies will be allowed to work on these County Roads only in case of emergencies, and will be responsible for resurfacing the entire width of the roadway to the satisfaction of the County Engineer.

Please make sure all responsible personnel within your agency schedule all repair work they need to schedule. All repairs must be completed prior to our milling and resurfacing. Essex County moratorium policy on these roads will be strictly enforced thereafter.

Should you have any questions concerning the above, please contact Melinda S. Cortez, Principal Engineer at (973) 226-8500, extension 2420.

Sincerely,

Sanjeev Varghese, P.E., P.P.
Director and County Engineer
