Dear Mayor Patrick:

I am pleased to inform you that Borough Of Glen Ridge has been selected to receive funding from the New Jersey Department of Transportation's (NJDOT) Fiscal Year 2019 Municipal Aid Program for the Various Streets - 2019 - Glen Ridge Project in the amount of \$550,000.

NJDOT's Municipal Aid Program is a very competitive program. This year the Department received 681 applications requesting more than \$377.9 million. There is \$161.25 million available in funds from the Transportation Trust Fund (TTF) supported by the State gas tax.

As part of the Department's Commitment to Community, NJDOT provides statewide assistance for local governments for improvements to and preservation of the local transportation network, this network makes up about 90 percent of New Jersey's roadways. The successful completion of your project will help achieve this goal and provide your constituents and everyone that uses local roads a transportation system that provides the mobility they deserve.

Should you have any questions regarding your grant, please contact the NJDOT Local Aid District Office in your area.

Re: 2019 Roadway Resurfacing Program

Gentlemen:

Attached, please find the roads scheduled to be resurfaced by Essex County under the 2019 Roadway Resurfacing Program budget permitting. Work under this contract is anticipated to start by mid-April.

By copy of this letter we are advising all utility companies to complete any improvements or upgrades planned for their systems impacted by this roadway program on or before the project starts.

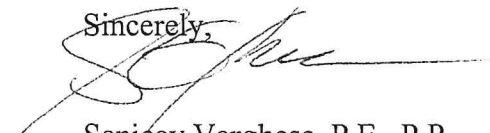

As you are aware, the County of Essex has a five-year moratorium on County roads resurfaced and/or reconstructed from date of completion of the work. Utility companies will be allowed to work on these County Roads only in case of emergencies, and will be responsible for resurfacing the entire width of the roadway to the satisfaction of the County Engineer.

Your agency will be notified of the pre-construction meeting before construction begins, at that meeting detailed schedule of construction will be discussed, however we emphasize that your agency undertake all necessary repairs as soon as possible to minimize any delays.

Please make sure all responsible personnel within your agency schedule all repair work they need to schedule. All repairs must be completed prior to our milling and resurfacing. Essex County moratorium policy on these roads will be strictly enforced thereafter.

Should you have any questions concerning the above, please contact Rasheed Yusuf, Principal Engineer at (973) 226-8500, extension 2290.

Sincerely,

Sanjeev Varghese, P.E., P.P.

Dear Mr. Rohal,

Gas Lamp Players would like to be considered as the beneficiaries of the 2020 Glen Ridge Mayor's Gala.

We are a non-profit, Glen Ridge based theater company. We provide educational theater programming to hundreds of kids and teens each year, as well as an artistic outlet for adult actors in our community. We are also proud to have a scholarship fund that allows children to participate in our shows and classes regardless of their financial situation. We believe that everyone deserves to find a welcoming artistic community with us.

Due to extensive construction happening at the Ridgewood Avenue School this summer, we have lost our summer camp space. Because we are unable to hold our annual summer performing arts camps, we will be losing our main source of revenue for our 2019-2020 season. The Mayor's Gala would go a long way in helping us to continue to be able to offer programming and fulfill our mission statement: To nurture character, creativity, confidence, compassion and community through the performing arts.

Thank you for your consideration,
