WHEREAS, Chapter 315, Land Development, of the Township of Bloomfield Code was adopted on July 25, 2005, as a comprehensive revision to the Township's land development ordinances, and incorporated into one chapter the regulations governing the operation of the Planning Board and Zoning Board of Adjustment, land use procedures, including site plan and subdivision review, design standards, fees and deposits, performance and maintenance guarantees and enforcement; and

WHEREAS, Article V of Chapter 315 established the Township's zoning regulations, and, in Section 315-34(B), adopted the Zoning Map of the Township of Bloomfield, which designated the location and boundaries of the various zoning districts in the Township; and

WHEREAS, since the adoption of Chapter 315, the Governing Body of the Township of Bloomfield has enacted ordinances which have modified the zoning districts governing multiple parcels within the Township; and

WHEREAS, since the adoption of Chapter 315, the Governing Body has also designated various areas of the Township as areas in need of redevelopment and has reestablished that the entire Township is an area in need of rehabilitation, both pursuant to the authority granted by the Local Redevelopment and Housing Law, N.J.S.A. 40A:12A-1, *et seq.*; and

WHEREAS, redevelopment plans governing the redevelopment areas and certain parcels under the rehabilitation designation were enacted by the Governing Body since the adoption of Chapter 315; and

WHEREAS, the Planning Board undertook a reexamination of the Township Master Plan pursuant to N.J.S.A. 40:55D-89, which resulted in the adoption by the Board of a Master Plan Reexamination Report on August 12, 2014; and

WHEREAS, as part of reexamination process undertaken by the Planning Board, the Board's consulting planner analyzed the existing uses throughout the Township and the extent to which those uses were compatible with the existing zoning districts; and

WHEREAS, the Planning Board, at its August 12, 2014, meeting, unanimously recommended the adoption of an amended zoning map which reflected the various zoning district amendments and redevelopment plans previously enacted by the Governing Body and the Reexamination Report's recommendations for other zoning district changes.

NOW, THEREFORE, BE IT ORDAINED by the Township Council of the Township of Bloomfield, County of Essex, and State of New Jersey as follows:

Section 1. The Zoning Map adopted by the Governing Body on July 25, 2005, be and hereby is repealed and shall have no further force and effect.

Section 4. All ordinances and resolutions or parts thereof inconsistent with this Ordinance are hereby rescinded.

NOTICE TO PUBLIC SERVICE ELECTRIC AND GAS COMPANY CUSTOMERS

IN THE MATTER OF THE PETITION OF PUBLIC SERVICE ELECTRIC AND GAS COMPANY FOR APPROVAL OF ELECTRIC BASE RATE ADJUSTMENTS PURSUANT TO THE ENERGY STRONG PROGRAM

Notice of a Filing

Docket No. XXXXXXXXXX

TAKE NOTICE that, on September 30, 2014 Public Service Electric and Gas Company (Public Service, PSE&G, the Company) filed a Petition and supporting documentation with the New Jersey Board of Public Utilities (Board, BPU) seeking Board approval for electric base rate changes to provide for cost recovery associated with the Company's Energy Strong Program (Energy Strong).

On May 21, 2014, the Board issued an Order approving Energy Strong in Docket Nos. EO13020155 and GO13020156. The Order provided approval to invest up to \$1.0 billion, recovered through future base rate adjustments, to harden its electric infrastructure to make it less susceptible to damage from wind, flying debris and water damage in anticipation of future major storm events and to strengthen the resiliency of PSE&G's delivery system. These investments are anticipated to be made over a three year period beginning on the effective date of the Board's order.

Under the Company's proposal, PSE&G seeks Board approval to recover in base rates an estimated annual revenue increase associated with the capitalized investment costs of Energy Strong incurred through November 30, 2014 of approximately \$1.6 million from the Company's electric customers.

For illustrative purposes the initial Base Rates effective March 1, 2015 for residential Rate Schedule RS is shown in Table #1 below.

Table #2 below provides customers with the approximate impact of the proposed increase in rates relating to Energy Strong, if approved by the Board. The annual percentage increase applicable to specific customers will vary according to the applicable rate schedule and the level of the customer's usage.

Under the Company's proposal, a typical residential electric customer using 750 kilowatthours per summer month and 7,200 kilowatthours on an annual basis would see an increase in the annual bill from \$1,343.20 to \$1,343.64, or \$0.44 or approximately 0.03% based upon Delivery Rates and Basic Generation Service Fixed Pricing (BGS-FP) charges in effect September 1, 2014 and assuming that the customer receives BGS-FP service from Public Service Electric and Gas Company. The approximate effect of the proposed increase on typical electric residential monthly bills, if approved by the Board, is illustrated in Table #3 below.

Any rate adjustments with resulting changes in bill impacts found by the Board to be just and reasonable as the result of the Company's filing may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21 and for other good and legally sufficient reasons to any class or classes of customers of the Company. Therefore, the described charges may increase or decrease based upon the Board's decision.

Copies of the Company's filing are available for review at the Company's Customer Service Centers, online at the PSEG Web site at <http://www.pseg.com/pseandgfilings>, and at the Board of Public Utilities at 44 South Clinton Avenue, Seventh Floor, Trenton, New Jersey 08625-0350.
