

Free Blood Pressure Screenings

Public Health
Prevent. Promote. Protect.

Bloomfield Department of Health

According to the American Heart Association, "Nearly half of the American population over age 20, has high blood pressure (hypertension), and many don't even know it. Not treating high blood pressure is dangerous. High blood pressure increases the risk of heart attack and stroke."

What: The Health Department Nurses are providing blood pressure screenings!

Where: Bloomfield Farmer's Market
in front of the Bloomfield Public Library

When: September 19th and October 17th
from 3:30pm to 5:30pm

Questions? call the Public Health Nursing Division at 973-680-4058
