**Glen Ridge Police Foundation**

The Glen Ridge Police Foundation is a unique 501(C)(3) non-profit organization formed by Glen Ridge residents to assist the Glen Ridge Police Department with funding equipment and training that is outside of the municipal budget. While the department maintains a liaison officer, the foundation has its own president, board of directors and by-laws and is a separate entity from the police department.

Through private donations, the Glen Ridge Police Foundation provides the department with additional equipment, technology, and training. Donations are utilized to directly purchase many important items ranging from highly specialized life safety program training to state-of-the-art technology. This access to important equipment, programs and training helps our officers do their job more effectively.

The Glen Ridge Police Foundation would like to continue to raise funds through your generous patronage and provide the entire Glen Ridge Police Department with meaningful support. There is much more that could be provided to them, which will benefit all of us.

Donations can be made to the Glen Ridge Police Foundation via mail to “Glen Ridge Police Foundation, 3 Herman Street, Glen Ridge, New Jersey 07028.”
